

## Real Life, Real World, Real Examples

The eBeam Focus™ 150 document camera allows users to view and digitize real world material and import the content directly into eBeam Scrapbook. Capture snapshots or video of text, physical objects and even people and import them into Scrapbook with the click of a button.

The eBeam Focus 150 plugs directly into your computer's high speed USB 2.0 port and makes adding high quality images and video to your lessons or presentations quick and easy.

# Highlights
